

Kentucky Medicaid Renewals

Here is what providers need to know about a patient's renewal date

Kentucky is restarting annual renewals. Renewals will occur over a 12-month period. The first to go through a renewal are those having a May 31, 2023 end date. Notices for these individuals will go out in early April.

Below is how to find your patient's renewal date in KYHealthNet.

The screenshot shows the 'Member Eligibility Verification' page in the KYHealthNet system. The page displays member information for a patient, including their current ID, last name, first name, date of birth, and gender. A red arrow points to a box at the bottom of the member information section that contains the text 'Redetermination Date: 06/01/2023'. Below this, there is a section for 'Member's Authorized Representative' which states 'No Authorized Representative on file for current member.' and an 'Eligibility' section with a table showing the member's eligibility history.

Eligibility Group	Program Code	Program Status	From Date	To Date
KY Managed Care Organization with Co-Dev	D - Disabled indiv who rec	00 - Regular	03/24/2023	03/31/2023

- ### How can I help my patients?
- ✓ Ask them to update their information in kynect by logging into kynect.ky.gov or calling 855-4kynect (855-459-6328)
 - ✓ Remind them to watch for notices. Medicaid will contact them when it is their time to renew.
 - ✓ If their renewal date is coming up, make sure they are aware.

Local assistance is available at no cost to your patients. To find a kynector or insurance agent, visit <https://kynect.ky.gov/healthcoverage>. They may also find a local DCBS office at that link.
